

# SS201FTNHH6S013

## Heavy-Duty One Arm (Face-Mount) Spider

Stella's Spider Series stands out from others with its organic curves and engineer-tested strength.

*Beauty without compromising strength.*

The spider arm's subtle slope is a Stella Signature; this feature was carefully considered by our in-house design team to ensure the spider would blend into the support structure. As these spiders are placed within pedestrian's eye sight (glass canopies, lobby walls, interior vestibules), we design them with the belief that all hardware should compliment (versus distract) from the overall design vision.

### What's Included (and Excluded)

*Supplied with M16 Hex Bolt and appropriate washers and spring washer to mount to steel substructure.*

*All that is needed to complete this is one of Stella's articulating glass bolts to affix this spider to glass.*

# SS201FTNHH6S013

## Heavy-Duty One Arm (Face-Mount) Spider

### Specifications

- Division:
  - 08 88 00: Special Function Glazing
- Materials:
  - Steel: Grade 316 stainless steel
  - Finish: No. 4, 320 grit
- Mount Type: Face-mount
- Mount Structure: Concrete, steel or wood
  - Mounting Substrate Thickness: 6 to 13mm [1/4" to 1/2"]
- Loading Capability: Lateral load 1.5kN, Tensile load 3.7kN  
(for compression load, refer to loading capacity of the Stella Glass Bolt chosen)
- LEED Standards:
  - Stainless Steel (primary material) - >45% pre-/95% post- consumer recycled content by weight
- Compliances/Standard: Project specific
- Warranty: 2-year limited warranty\* (can be project specific)

### Key Details

<b>Typical Applications</b>	<ul style="list-style-type: none"><li>• Canopies/interior glass walls/vestibules</li></ul>
<b>Must be Paired With</b>	<ul style="list-style-type: none"><li>• This part is the spider hardware only and needs an additional Stella Glass Bolt to affix Stella Spider to glass</li><li>• Use compatible Stella Articulating Glass Bolt for ease of install - AB502T, AB602T, or AB702T dependent on loading and size of glass panel used</li></ul>
<b>Support Bolt</b>	<ul style="list-style-type: none"><li>• Hex Bolt M16 x 50 c/w washers (2) and spring washer</li></ul>
<b>Tool Info</b>	<ul style="list-style-type: none"><li>• Specialized - N/A</li><li>• General - Hex bit socket size M16</li></ul>
<b>Custom Spacers</b>	<ul style="list-style-type: none"><li>• To accommodate height adjustment variables, custom spacers are available</li></ul>
